

Mratunjay Pandey

Kanpur, Uttar Pradesh, India | +91-8318556251 | mratunjay.pandey.dev@gmail.com

Professional Summary

Final-year Computer Science student with hands-on experience in web development, UI/UX, AI/ML, and cybersecurity-focused projects. Skilled in C++, Python, JavaScript, React, Node.js, Supabase, and Firebase, with practical experience building responsive and user-focused applications. Strong problem-solving mindset with experience in hackathons, innovation challenges, and collaborative software development.

Education

Maharana Pratap Engineering College

Bachelor of Technology in Computer Science and Engineering

Kanpur, India

2023 – 2027 (Expected)

SGM International School (CBSE)

Kanpur, India

Senior Secondary (Class XII)

2023

SGM International School (CBSE)

Kanpur, India

Secondary (Class X)

2021

Technical Skills

Languages

C++, Python, JavaScript

Frontend Development

HTML5, CSS3, Tailwind CSS, React.js

Backend & Databases

Node.js, SQL, Supabase, Firebase, REST APIs

Tools & Platforms

Git, GitHub, VS Code, Postman, Figma, Vercel

Core Concepts

Data Structures & Algorithms, OOP, DBMS, Computer Networks, Cyber Security, UI/UX Design, Problem-Solving

Projects

Digital Saathi | React, Node.js, Tailwind CSS, REST APIs

- Developed a comprehensive web platform designed to aid rural digital literacy and accessibility.
- Implemented vernacular language support and intuitive navigation to assist users in accessing government schemes.

STG.FORENSICS (Steganalysis Tool) | Python, Flask, HTML/CSS

- Designed and developed a web-based digital forensics tool that detects hidden data within images using LSB analysis.
- Created clean, data-focused layouts to make complex cybersecurity analysis accessible to non-experts.

Mratunjay Pandey Portfolio | React.js, JavaScript, HTML5, CSS3, Vercel

- Built a production-grade responsive portfolio showcasing projects, technical skills, coding profiles, achievements, certifications, resume, and professional links.
- Implemented modern UI/UX, responsive navigation, animations, custom cursor effects, dark-mode styling, contact functionality, and Vercel-ready deployment.

Achievements & Activities

- Electrothon 8.0 – NIT Hamirpur National Hackathon:** Selected among Top 2 teams from city out of 50+ participating teams. 2026
- Muj HackX 4.0 – Manipal University Jaipur:** Shortlisted for the offline round of Muj HackX 4.0 held at Manipal University Jaipur.
- Build with Bharat 2.0 – NIT Delhi:** Invited on campus for Build with Bharat 2.0 held at NIT Delhi.
- Smart India Hackathon (SIH) 2025:** Shortlisted at college level for national participation; proposed an AI-driven solution under a government problem statement.
- India AI Impact Buildathon:** Participated with a focus on AI-generated voice detection solutions.

Certifications

- Python Programming – HackerRank**
- Data Visualisation using Python – IBM:** Covered data analysis, visualization techniques, and Python libraries.
- Web Development Bootcamp – LetsUpgrade**
- AI & Machine Learning Bootcamp – GUVI HCL**

Extra Curricular Activities

- Hackathons & Competitive Innovation:** Actively participated in national hackathons and innovation challenges, collaborating in teams to design and prototype AI-driven software solutions under strict deadlines.
- Peer Mentoring:** Assisted classmates with programming concepts, debugging, and project development during academic and hackathon activities.
